

**XENON CORPORATION APPOINTS NEW  
ENGINEERING MANAGER**

**WILMINGTON, MA** – Xenon Corporation announced that Dr. Saad Ahmed has joined the company in the position of Engineering Manager. According to Lou Panico, Xenon CEO, Dr. Ahmed will assume responsibility for all engineering activities.

Dr. Ahmed previously served as Senior Project Leader at Dalsa Inc, Billerica, MA, a global leader in high performance imaging and semiconductors sold to various segments of the electronics industry. In this role, Dr. Ahmed was responsible for all aspects of design from concept to production.

According to Lou Panico, Dr. Ahmed's immediate attention will focus on work in new product research and development and grant writing. He is expected to also concentrate on improving product quality.

Dr. Ahmed earned a PhD in electrical engineering from The University of Liverpool (UK). He brings with him the breadth of experience in developing innovative and state of art products for industry. When asked about his role at Xenon Corporation, Dr. Ahmed said: "I feel excited to work with a highly competent and motivated team. My key focus will be the customer and to see ways of building on the great partnerships that Xenon has established."
